DIRECTIVES FOR MY PETS

I understand that legally animals are “property” and that on my death my animals might be treated as property. To me, though, they are much more. They are friends; they are family. My animals (listed below) have given me love and companionship; I have returned that love and companionship. I will rest easier knowing that they have care, that they have a home, that they have love. Toward that end, I have chosen to work with Safe Place. Safe Place is an organization that works with the terminally ill to arrange proper care for their animal companions. I have been working with Safe Place to provide for my pets.

I ask that on my death or at such time as I am unable to care for my pets that you do the following:

Call Safe Place at (719) 359-0201. A Safe Place volunteer will assist you with the animal(s). Typically, Safe Place will arrange for “foster care” for a period of time followed by adoption in a suitable home.

I have _____ or have not _____ previously contacted Safe Place to arrange for their help.

In addition, I have asked:

Name: _____ Phone: _____

to act on my behalf and to work with Safe Place in providing for my pet(s) needs. If this person has not been informed of the present need for his/ her assistance, please do so now.

My animal companions are:

Name(s): _____

Other Information: _____

Those of you reading this should know that I have loved and cared for my pets to the best of my abilities. They have shown loyal devotion to me. I trust Safe Place to make the best decisions for the future care and placement of my pets.
